

The Associate of Arts degree (A.A.) at JCCC is the general transfer degree that partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. degree may select courses that satisfy both the A.A. degree requirements and requirements for specific majors at four-year institutions. The 30 hours of electives within the A.A. degree allow students to complete additional general education and lower level major courses required for specific majors. The A.A. degree requires completion of 60 credit hours. Meeting with a JCCC counselor is strongly recommended for selection of courses.

The B.S. in Fashion Studies offers two specializations: Fashion Business and Fashion Design.

Career opportunities in fashion design, fashion business, product development, merchandising, and retail management.

- Up to half of the credits required for a four-year degree may be completed at accredited two-year colleges. It is the STUDENT’S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.
