The Associate of Applied Science degree (A.A.S.) at JCCC transfers to WSU for BBA completion. The purpose of the 2+2 Agreement is to provide Johnson County Community College's students a four-year coordinated program where students will receive an Associates of Applied Science degree at Johnson County Community College (JCCC) in the first two years and a Bachelor of Business Administration degree from Wichita State University (WSU) after two additional years. This agreement will provide guidance for both parties in advising students.

This agreement is for Johnson County Community College students who have:
- Earned an Associates of Applied Science (A.A.S.) degree according to attached degree plan.
- Achieved a minimum cumulative GPA of 2.25.
- Applied for admission to WSU.

Johnson County Community College students meeting the above requirements will:
- Be guaranteed admission to WSU with completion of application requirements and receipt of transcripts.
- Enter with junior status toward a baccalaureate degree.
- Be guaranteed to transfer up to 60 credit hours (based on requirements for the A.A.S. degree) from Johnson County Community College to WSU.

Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four- year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.

Bachelor of Business Administration Pathway (2+2)
Johnson County Community College & Wichita State University
