The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor's degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours. JCCC degree requirements can be found at: <http://catalog.jccc.edu/degree requirements/>.

A maximum of 75 community college credit hours can be applied toward a bachelor's degree at KU Edwards. Contact your KU Edwards academic success coach for more information. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

The Bachelor of Applied Science in Operations Management program is designed as a baccalaureate degree-completion program. This degree completion program will prepare students to enter careers such as supply chain management, production management, purchasing, project management, and other related fields.

This is a hybrid program, meaning all of Operations Management core classes can be completed 100% online while additional degree requirements may be online or in-person at the Edwards Campus. Contact your KU Edwards academic success coach for more information about classes.
